PROFESSIONAL SUMMARY

B.Tech Artificial Intelligence and Data Science student with hands-on experience in Python, Java, web development, computer vision, and AI/ML. Built projects spanning AI video annotation, contract farming platforms, and automation tools, with a focus on writing practical, production-oriented software. Continuously sharpening problem-solving and software development skills through hackathons and self-directed builds.

TECHNICAL SKILLS

Programming: Python, Java, JavaScript, TypeScript, C

Web Technologies: HTML, CSS, React,

AI / ML: Machine Learning, Object Detection, YOLO, Computer Vision

Libraries / Frameworks: OpenCV, FastAPI, React

Databases / Backend: Firebase, MySQL

Tools: Git, GitHub, VS Code, Vercel, Netlify,Pycharm

Other: REST APIs, Dataset Annotation, Automation

EDUCATION

B.Tech – Artificial Intelligence and Data Science 2024 – 2028
Hindusthan Institute of Technology, Coimbatore | CGPA: 8.50 / 10

Higher Secondary (12th) 2023 – 2024
Government Higher Secondary School | 85.5%

SSLC (10th) 2021 – 2022
Government Higher Secondary School | 86.00%

PROJECTS

Tode — AI Video Annotation Tool

- Developed and enhanced an AI-assisted annotation platform for building datasets for computer vision applications.
- Implemented YOLO-based auto-annotation for object detection, supporting bounding-box, polygon segmentation, and image classification workflows.
- Added dataset export capabilities across YOLO, COCO, Pascal VOC, CSV, and JSON formats.
- Built with Python, OpenCV, JavaScript, and FastAPI for annotation logic and web-server functionality.

Assured Farm — Contract Farming & Marketplace

- Developed a web platform connecting farmers and buyers through contract farming and agricultural marketplace features.
- Implemented contract management, product listings, authentication, dashboards, and responsive user interfaces.
- Built with TypeScript, React, Vite, and Firebase; configured for deployment on Vercel/Netlify.

INTERNSHIP / EXPERIENCE

Python Development Intern — CodeAlpha *1 Month*

- Completed hands-on Python development tasks: Hangman Game, Stock Portfolio Tracker, Task Automation, and a basic chatbot.
- Applied Python programming, file handling, automation, and API-related concepts to practical applications.

CERTIFICATIONS

- Infosys Springboard Certifications
- CodeAlpha Python Development Internship Certificate
- NPTEL Certificate python programming for data science

ACHIEVEMENTS

- Participated in the GDG Madurai Hackathon
- Participated in the MSME Hackathon
- Participated in Smart India Hackathon (SIH) 2025

LANGUAGES & INTERESTS

Languages: Tamil, English

Interests: Computer Vision, Software Development, Building Practical AI Applications, AI & Machine Learning
